

PERFORMANCE & CAPABILITY

- Engine, 5.3L EcoTec3 V8 – Generates 355 hp and 383 lb-ft of torque with Dynamic Fuel Management, Direct Injection, and Variable Valve Timing for efficient and powerful performance.
- Transmission, 10-speed automatic – Electronically controlled with overdrive and Traction Select System including tow/haul mode for adaptable driving in various conditions.
- Transfer case, active, 2-speed Autotrac – Allows easy switching between drive modes with rotary controls, includes a neutral position for flat towing.
- Differential, electronic limited-slip (eLSD) – Enhances traction by automatically redistributing torque to the wheels with the most grip.
- Steering, power – Delivers responsive handling and improved driver control.

SUSPENSION

- Magnetic Ride Control – Continuously adjusts shock absorbers for a smoother and more controlled ride.
- Air Ride Adaptive Suspension – Automatically adjusts ride height and stiffness for comfort and capability.
- Front coil-over-shock with stabilizer bar – Provides a stable and comfortable front suspension setup.
- Rear multi-link with coil springs – Ensures a balanced and smooth ride at the rear.

SAFETY & DRIVER ASSISTANCE

- Comprehensive Airbag System – Includes frontal, seat-mounted side-impact, driver inboard, and head-curtain airbags for all outboard seating positions.
- Passenger Sensing System – Deactivates the front passenger airbag when the seat is unoccupied or occupied by a child.
- Blind Zone Steering Assist – Alerts the driver and applies gentle steering to avoid collisions in blind spots.
- Adaptive Cruise Control – Maintains a preset distance from the vehicle ahead using radar and camera technology.
- Enhanced Automatic Emergency Braking – Provides emergency braking in potential collision situations.
- Enhanced Automatic Parking Assist – Helps guide the vehicle into parking spots by controlling steering, braking, and acceleration.
- Forward Collision Alert – Warns of potential front-end collisions to help avoid or lessen impact.
- Front Pedestrian and Bicyclist Braking – Automatically applies brakes to help avoid hitting pedestrians or cyclists.
- Side Bicyclist Alert – Warns the driver of a bicyclist approaching from the side.
- Intersection Automatic Emergency Braking – Detects and brakes for crossing traffic when turning at intersections.
- Lane Keep Assist with Lane Departure Warning – Gently steers the vehicle back if it detects an unintentional lane departure.
- Rear Cross Traffic Braking – Applies brakes to help avoid a rear cross-traffic collision.
- Rear Pedestrian Alert – Warns of pedestrians behind the vehicle when reversing.

- Reverse Automatic Braking – Brakes automatically to avoid collisions while reversing.
- Safety Alert Seat – Vibrates the driver seat to alert of potential hazards.
- Driver Attention Assist – Monitors driver behavior to detect fatigue or distraction.
- Rear Seat Reminder – Reminds the driver to check the rear seat before exiting the vehicle.
- Theft-deterrent system – Helps prevent unauthorized vehicle access.
- Tire Pressure Monitoring System – Alerts of low tire pressure and helps with optimal tire inflation.
- Hill Descent Control – Automatically maintains speed on steep downhill grades.
- Hill Start Assist – Prevents rollback when starting on inclines.
- Hitch Guidance – Helps align the hitch with the trailer using visual aids.
- StabiliTrak Stability Control – Enhances stability with brake assist, traction control, and trailer sway control.
- Rollover Sensing – Activates safety measures in the event of a rollover risk.
- LATCH Child Seat System – Provides secure anchors and tethers for child seats in second and third rows.

AIR CONDITIONING

- Tri-zone automatic climate control – Lets the driver, front passenger, and rear passengers independently adjust their climate settings.

INFOTAINMENT & TECHNOLOGY

Driver Information Center, 11" digital display – High-contrast multi-color display for essential driving information.

16.8" Premium GMC Infotainment System – Includes Google built-in, navigation, apps, personalized settings, and voice recognition.

Bose 10-speaker Surround Sound with CenterPoint – Delivers immersive, high-quality audio throughout the cabin.

Wireless Apple CarPlay/Android Auto – Seamless smartphone integration without cords.

USB ports, charge and data (center console) – Convenient device connection in the front storage area.

USB ports, type-A and C (front console) – Offers data and charging support for front-seat passengers.

USB ports, type-C (third row) – Charge-only ports for rear passengers' convenience.

HD Surround Vision – Provides a 360° overhead view of the vehicle to assist with parking and maneuvering.

INTERIOR & CONVENIENCE

- Wrapped steering wheel – Offers a comfortable and premium grip.
- Steering wheel controls – Easy access to audio, cruise control, and driver assistance features.
- Power tilt and telescopic steering column – Adjusts the wheel for optimal driving comfort.
- Power windows with Express-Up/Down – One-touch control for front windows.
- Rear power windows with Express-Down – Easy window access for rear passengers.
- Illuminated vanity mirrors – Built-in lights for driver and front passenger visors.
- Auto-dimming rearview mirror – Reduces glare from headlights behind.

GMC YUKON AT4

2025 MY

- Cooled front console with storage – Keeps items cool and organized.
