

# NISSAN X-TERRA

## TITANIUM GRADE

### ENGINE

- Engine: 2.5L, 4-cylinder, 165 HP, 16-valve – Provides a balance of power and efficiency for both on-road and off-road performance.
- Transmission: 7-speed automatic transmission – Smooth shifting for comfortable driving.
- 4WD Selectable: Offers the flexibility to switch between 2WD and 4WD for enhanced control in various driving conditions.

### INTERIOR FEATURES

- Sport Steering Wheel Spoke Urethane: Durable and comfortable steering wheel design for easy control.
- Power Steering (Hydraulic Powered): Ensures smooth and responsive steering.
- Manual Tilt Steering Wheel: Allows for manual adjustment of the steering wheel angle.
- Room Mirror (Auto Dimming): Automatically adjusts to reduce glare from headlights behind you.
- Steering Switches: Controls for meter display, audio, telephone, voice recognition, and cruise control for added convenience.
- Variable 4WD: Allows for selection between different drive modes depending on the terrain and driving conditions.
- Four Power Windows: All windows feature one-touch up/down with anti-pinch for safety and convenience.
- Central Door Lock: Provides security with central locking system.
- Push Engine Starter/Intelligent Key: Keyless entry and ignition system for added convenience.
- Engine Tachometer: Displays speed, tachometer, and off-road meter for better driving insights.

### SEATS

- Cloth Seats: Comfortable cloth upholstery for all seats.
- Driver Seat: Manual adjustment for slide, lift, and recline functions with armrest for added comfort.
- Passenger Seat: Manual adjustment for slide and recline.
- 60:40 Foldable 2nd Row: Provides flexible seating configurations for cargo and passenger space.
- Seat Back Storage (Passenger): Additional storage space on the back of the front passenger seat.
- 50:50 Foldable 3rd Row: Offers extra seating capacity with foldable seats for greater versatility.
- Rear Centre Armrest: Offers added comfort for rear passengers.

## TITANIUM GRADE

### AIR CONDITION

- Dual Zone Auto Air Conditioning: Provides separate temperature controls for the driver and passenger with rear air conditioning ducts to ensure optimal comfort for all passengers.

### AUDIO & DISPLAY

- Radio with 8" Screen: A central display screen for radio, media, and other controls.
- USB & Bluetooth Handsfree: Allows for easy connectivity to your devices for music and hands-free calls.
- Rear View Camera: Assists with parking and reversing by showing a live feed of the area behind the vehicle.
- Apple CarPlay & Android Auto: Seamlessly integrates your smartphone with the vehicle's infotainment system for easy access to apps, maps, and more.
- 6 Speakers: Provides clear audio for a better listening experience.
- 

### EXTERIOR FEATURES

- Electrical Foldable Mirrors with Turning Signal: Mirrors can be electrically folded, feature integrated turning signals, and include heating for better visibility in cold weather.
- Auto Folding & Tilt Reverse Function: Mirrors automatically fold and tilt when reversing to provide optimal visibility.
- Auto LED Headlamps with Auto Levelizer: Provides efficient illumination with automatic headlamp leveling for better visibility on various terrains.
- Front & Rear Fog Lamps (LED): Improves visibility in low-visibility conditions such as fog, rain, or snow.
- Daytime Running Lights: Ensures the vehicle is visible during the day for safety.
- Rear Spoiler: Enhances the vehicle's aerodynamics and adds a sporty appearance.
- Roof Rail (Silver): Provides additional cargo-carrying options.
- Front & Rear Mud Guards: Protects the vehicle from dirt and debris, especially on off-road drives.
- Silver Side Steps: Makes it easier to enter and exit the vehicle, especially on off-road terrain.

### TIRES

- Tires: 255/65 R17 – Designed for a good mix of on-road comfort and off-road capability.
- 17" Alloy Wheels: Stylish and durable alloy wheels.
- Alloy Spare Tire: The spare tire is a full-size alloy, matching the main tires for consistency.

### SAFETY & SECURITY

- Driver & Passenger Airbags: Provides front impact protection for both the driver and front passenger.
- Isofix + Tether: A child safety seat anchorage system for secure installation.
- Immobilizer: Prevents unauthorized engine start.
- ABS (Anti-lock Braking System): Helps maintain vehicle control during hard braking to prevent wheel lockup.
- EBD (Electronic Brake Distribution): Optimizes braking force between front and rear axles.
- BA (Brake Assist): Provides additional braking force during emergency stops.
- VDC (Vehicle Dynamic Control): Enhances vehicle stability by reducing loss of traction.
- Hill Decent Control: Helps maintain a steady speed when descending steep slopes.
- Hill Start Assist: Prevents rollback when starting on a slope.
- Limited Slip Differential: Improves traction when driving on low-grip surfaces.
- Rear Differential Lock: Further enhances traction on rough terrains.
- Rear Parking Sensors: Alerts the driver to obstacles while reversing.
- Tire Pressure Detection with Warning: Monitors tire pressure and provide alerts if any tire is underinflated.
